

Back-up Generator Maintenance from Ravinia Plumbing

The Name to Trust to Keep Things Running

If you already have a back-up generator, you're smart. Severe storms or unreliable utility supply can cause power outages that can lead to a multitude of problems including flooding, spoiled food, and non-functioning home security products and technology.

But your back-up generator will fail if it is not properly maintained. Ravinia Plumbing, Heating, Sewer & Electric offers three back-up generator maintenance plans to help you maintain your generator. The Standard and Advanced plans will provide for manufacturer recommended care of your generator. Our Premier Plus plan will also provide remote monitoring of your generator system and its components to make sure it is always operational.

	★ Standard	★★ Advanced	★★★ Premier Plus
Annual service appointments	1	2	2
Generator repair discount*	5%	10%	15%
Generator replacement discount	\$150	\$250	\$500
